HIV s100 Prescriber Update – Women Living with HIV Webinar Series

Online Training Session 1: 09 March, 7:00pm - 8:30pm (AEDT)

Online Training Session 2: 16 March, 7:00pm - 8:30pm (AEDT)

In honor of the **National Day of Women Living with HIV**, ASHM has partnered with Positive Life NSW to deliver a two-part webinar series. Each session will include presentations from those with lived experience as well as experts in the field.

This Webinar Series will consist of two evening sessions:

Part 1 will be presented by Dr Louis Tomlins, General Practitioner and Sexual Health Physician at Taylor Square Private Clinic and Staff Specialist at Western Sydney Sexual Health Centre. Her presentation will focus on HPV related cancers and cervical screening guidelines.

Part 2 will include a presentation by Professor Deborah Bateson, Medical Director at Family Planning NSW, who will lead a discussion on contraception and menopause. The session will also include a presentation by Dr Virginia Furner, Senior HIV Consultant at The Albion Centre, who will be discussing ASHM's guidance on women living with HIV who are considering breastfeeding.
