# ANNOUNCEMENT

## Extended partnership with Salex for the Ottawa market.

**February 1st, 2025** – We are excited to announce the expansion of our long-standing partnership with Salex into the Ottawa region! Salex has been an incredible partner, and we are thrilled to grow together, bringing our full range of Canadian brands and solutions to a new market.

*“I’m very excited to bring our expertise and solutions to the Ottawa market with Salex. Together, we have demonstrated that our mutual capabilities, solutions, and experience are unrivalled. I look forward to supporting and growing the Ottawa market together”.*

This expansion means Ottawa’s design and construction community will now have greater access to our diverse lighting portfolio, including:

- Certolux - Precision engineered for high stakes lighting applications such as; medical, cleanroom, and vandal-resistant applications
- Visioneering - Tailored architectural and commercial lighting solutions
- Fixture-in-Fixture Solutions - Seamless modernization of existing environments with minimal disruption
- Birchwood - Sleek, high-end architectural lighting
- Contech - Innovative track and downlighting
- Intense - Performance-driven architectural lighting
- V-Rail - Integrated handrail lighting for safety and aesthetics

With Salex’s expertise and our comprehensive product lineup, we are ready to support Ottawa’s architects, engineers, designers, and contractors with tailored lighting solutions for every application.

Excited for what’s ahead!
