---

Cooper Lighting Solutions, a global leader in lighting technology, is excited to announce a significant expansion of its presence in the province of Quebec. Effective immediately, Eclairage Hi Tech Inc has joined the Cooper Lighting Solutions family as our new sales representative agency for the province of Quebec, with the exception of the Gatineau Region.

We extend a warm welcome to Principals Philippe Goyet and Guylaine Ladouceur and the entire Hi Tech team. Together, we mark an exciting chapter in Cooper Lighting Solutions' journey, amplifying our reach and fortifying our commitment to creating safer, smarter and more sustainable spaces across Quebec.

The Hi Tech Team has a passion for exceptional customer service and provides outstanding product selection and industry leading technical knowledge. Eclairage Hi Tech will be a one-stop source for our customers' lighting and controls needs. Philippe and Guylaine, and their extended team are excited to represent the wide range of Cooper Lighting Solutions' Lighting and Controls brands. The Quebec market remains an important market for Cooper Lighting Solutions. The addition of Eclairage Hi Tech gives our customers additional coverage and service and shall provide the resources and scalability to grow our installed base in the Quebec market for years to come.
