

Webinar: How can your company leverage virtual internships?

When: Thu May 28, 2020 1pm – 2pm Eastern Time - Toronto

Description:

As a result of the economic changes caused by the COVID-19 outbreak, many businesses are having to make rapid changes. This not only means taking your business online but also canceling hiring plans and rescheduling or delaying internships and placement.

In this difficult time, we want to offer you an alternative that will allow you to move your business forward. Riipen has recently launched virtual internships, a new opportunity for engagement with students. During a virtual internship, a student or group of students will work exclusively as part of your team or to tackle a particular problem for a set number of hours.

Virtual internships can provide the flexibility required to get your business the help you need and provide students with a valuable learning opportunity.

During this webinar you will learn:

- What is a virtual internship?
- Why are virtual internships a good alternative for my business?
- How to manage virtual interns
- How to set up a virtual internship on Riipen
