FOR IMMEDIATE RELEASE

BJ Take Welcomes Contact Delage as New Quebec Agent

Dunnville, ON, September 30th, 2022, 9:00 am EST – BJ TAKE INC has signed Contact Delage as their new agent for Quebec, effective October 1, 2022.

Contact Delage has built a solid reputation within Quebec, focusing on providing superior service to its client base. They work closely with customers in the manufacturing, aerospace, telecommunications and civil engineering verticals through electrical and lighting supply companies. Their Quebec-based customers are served from offices in Montreal & Quebec City. The company also boasts an 8,300-square-foot warehouse and draws on a state-of-the-art communications system to optimize efficiency.

Doug Wilson, Vice President of Sales, explained that as the market continues to go through some post-Covid struggles, BJ Take remains committed to its customers and distributors. Wilson explained that “adding Contact Delage at this point makes a great deal of sense for the Quebec market, as the agent has demonstrated the same values as BJ Take” and continued “their commitment to electrical solutions and vast experience in lighting and controls will ensure their customers will remain well-served going forward.” As BJ Take prepares for a very busy fall season, they are extremely pleased that they can continue to deliver this level of service in the Quebec marketplace.

Located in Dunnville, Ontario, BJ Take specializes in designing and building energy-efficient LED lighting products catering to the changing needs of the North American marketplace. For more information on their product line, visit bjtake.com or contact Doug Wilson (extension 23) at 905-774-5988 today.
