

Georgia Project Firstline

Is tuberculosis still here? Preliminary TB data [released by the CDC](#) shows U.S. cases increased in 2022 but did not returned to pre-pandemic levels. Education is key to preventing the spread of TB. Georgia Project Firstline can help you with [infection prevention education](#). Understanding the risk of infection can help stop the spread of infection.

Meet the Georgia Project Firstline Team for Region D

Infection Prevention and Control Education Expert: Tanushree Soni, PhD, MPH, CIC (tanushree.soni@emoryhealthcare.org)

Infection Preventionist: Lori Grooms, RN, BSN, CIC (lori.grooms@emoryhealthcare.org)

Emory Corporate Director for Infection Prevention: Kari Love, RN, MS, CIC, FAPIC
