## **Limitations for State-Licensed Pharmacists Prescribing Paxlovid to Eligible Patients**

Under the limitations outlined in the authorization, the state-licensed pharmacist should refer patients for clinical evaluation with a physician, advanced practice registered nurse, or physician assistant licensed or authorized under state law to prescribe drugs, if any of the following apply:

- Sufficient information is not available to assess renal and hepatic function.
- Sufficient information is not available to assess for a potential drug interaction.
- Modification of other medications is needed due to a potential drug interaction.
- Paxlovid is not an appropriate therapeutic option based on the current [Fact Sheet for Healthcare Providers](#) or due to potential drug interactions for which recommended monitoring would not be feasible.
- [Coronavirus Treatment Acceleration Program \(CTAP\)](#)
- [Test to Treat Locator](#)
- [COVID-19 Therapeutics Locator](#)
