

Georgia Project Firstline

Join [Georgia Project Firstline](#) and learn about [educational opportunities](#) and free infection prevention resources. Struggling with your infection prevention and control program? Learn about what components make up a robust Infection Prevention Program from one of our [Project Firstline](#) partners:

“Behind the Mask” Webinar Series

Thursday, May 16, 1-2 p.m. ET

[REGISTER](#)

Tell us about your infection prevention needs. Our Learning Needs Assessment Survey closes this Friday, May 3. There is still time to let your voice be heard!

Georgia Project Firstline (GPFL) is helping health care workers understand the ‘why’ behind infection prevention recommendations and best practices. GPFL’s mission is to support the advancement of infection prevention and control practices in the health care system. **Please encourage all health care workers to complete this [Learning Needs Assessment Survey](#).**
