

Vaccine Distribution – Phase 1A+

Phase 1A+ of the vaccine distribution process includes:

- Health care workers - nurses, physicians, EMS, laboratory technicians, environmental services
- Long-term care staff and residents
- Adults ages 65+ and their caregivers
- Law enforcement, fire personnel (including volunteer fire departments), dispatchers, 911 operators
- Funeral home workers who come into direct contact with the deceased

Georgia employees who meet the Phase 1-A+ eligibility but do not have permanent residence in-state are still eligible to receive vaccination from an enrolled COVID-19 vaccine provider in Georgia.
