**VIRTUAL INNOVATION DAYS**

**JOIN US!**

### **PennDOT Virtual Innovation Days - November 2-4**

PennDOT is hosting **Virtual Innovation Days** to provide a unique opportunity for collaboration among PennDOT employees, local government representatives, and other transportation partners and stakeholders across Pennsylvania.

Join us for this transportation innovation sharing event to learn about, share and discuss transportation innovations being developed and used at the state and local levels.

Choose from 12 different **FREE** virtual sessions over three days, featuring presentations from PennDOT employees, municipal government representatives, academia, and other transportation partners and stakeholders, that will focus on innovative topics including:

- **Making Roadways and Bridges Last**
- **Technology and Digital Project Delivery**
- **Maintenance Equipment, Techniques and Materials**
- **Enhanced Design and Construction Approaches**
- **Multimodal Transportation Planning**
- **Tools to Reduce Traffic Congestion and Enhance Safety**

View the [complete event schedule](#) for more information. Register before **October 27, 2021** to reserve your seat and earn PDH credits for every session you attend!

## **Virtual Exhibit Hall**

Learn about even more innovations by browsing the [Virtual Exhibit Hall](#), featuring a variety of innovative equipment, materials, applications and technologies used by federal, state and local governments, that can help you do your job safer, better, faster and more efficiently.

Exhibits from last year's innovation event are already available for viewing. Additional exhibits will be added over the next several weeks, so check back frequently to see what is new.

Have questions about a specific exhibit? Use the contact form on the Virtual Exhibit Hall page to get more information or connect with our exhibitors directly using the contact information provided on their exhibits.
